Another "Local" Overhaul.

Mr. FAIRBANKS, in his Boston speech, only told "Barstow and the Balance" overboard, in the hopes of saving himself from shipwreck. But he did not say for his adherents. BROWN is tossed overboard, in one locality; DOUGLAS in another; GORRIS in a third, and so on through the calendar of Democratic States. The latest victim is Judge MILLER. The Jacksonville Times, Democratic organ in Rock County, wishes its hands of the Federal Court, and the news of yesterday quickly hands the Judge over to the Republicans.

How much it says. The Republican had a majority in the U. S. House of Representatives, and N. Banks, a prominent member, was Speaker. He increased Judge Miller's salary, and in the same session, he got the House to pass a bill to increase the salary of the Chief Justice of the Supreme Court. This was a very important step, and it was a clear indication of the Republican's power in the House.

These remarks strike us as "deliberately stupid, if not malicious." What Judge MILLER has done to the news, to settle such an attack upon him, does not appear. But in his anxiety to hold up the Judge, as an invertebrate leader at the doors of Congress, he has done more harm than good.

Re-Camping an old lie. A Watertown correspondent of the News, who himself "hickory" improves upon "Drill" invention about Gov. RANDALL's speech at Janesville, and thus far we have no more on the subject.

Not "for," but may of our best "hastiness" cordially sustain Gov. RANDALL, because they know that he has discharged his duty faithfully and well. The attempt to excite prejudice against him in this city, by a false and glibly repeated story, is an attempt to do what is impossible. Governor RANDALL repeated the same sentiments here, that he uttered at Janesville. Our business men heard him and were satisfied. It always "stood up for Milwaukee," and the assertion that at Janesville, or anywhere else, he said anything in disparagement of this city, or sought, in any way, to injure its business, or affect its credit, is as gross a falsehood as ever was manufactured by unscrupulous partisans in the hope of making political capital. Our city and State are bound together by every tie of interest and association, and he is an enemy to both who seeks to array the one against the other. And this is precisely what a few Demagogues are trying to do, in their appeals to Milwaukee to vote against Gov. RANDALL on false and false local issues. But they will appeal in vain. There is too much good sense and devotion to principle among our business men, mechanics and laborers to be led astray by such palpable and reckless fabrications.

Anonymous Editors.

An anonymous correspondent of the News, writing from Whitewater and signing himself "Many Citizens," attempts to bolster up the credit of one J. A. B. published some days since, to the effect that he sat with Mr. NECK in a K. N. Lodge at Whitewater, in October of the present year. This was known to be a lie on its face, as no K. N. Lodge has existed in Whitewater since 1850. As soon as this fatal flaw was discovered in J. A. B.'s affidavit, the party manufacturers, who got it up, altered the date themselves, and dated it 1857, and then to 1856. But were alike false. Mr. NECK has branded the whole story as a deliberate fabrication. He never was connected with any K. N. Lodge, or organization in this State, and his sentiments, in regard to the rights and privileges of our adopted citizens, are of the most liberal character.

This K. N. society is the last "dog" of the despising party leaders. Having run round this poor shift, they are now reduced to this poor shift. They are now reduced to this poor shift. They are now reduced to this poor shift.

Proctor was known. The Ripon Star says that the produce was forwarded by Milwaukee & Horison R. R. from their station, from August last to October 22nd, amount to 116,624 bushels of wheat; 4,210 do. barley; 2,440 do. oats; 490 sacks and 1,845 barrels of flour.

The Ripon papers complain grievously of the high freight charged on produce sent over the M. & H. R. R.

THE SPEECH OF CARL SCHURZ.

Mr. Schurz addressed the German Republicans of this city, at Market Hall, on Wednesday evening last. He published his speech, in full, and the following is a faithful sketch of what he said. It is a complete answer to the various charges of Know-Nothingism, which the organs of the Sham Democracy have manufactured and are using, against some of the Republican candidates. We commend the speech to the attentive perusal of men of all parties, to native, as well as adopted citizens. It is clear, frank and conclusive, and worthy of the gallant champion who made it.

After an absence of nearly four weeks, I returned a few days ago from Milwaukee. There we fought in close ranks and with that victorious power, which springs from the consciousness of harmonious action. You know that I was not alone. I was surrounded by the brilliant veterans of the Republican cause, the brilliant veterans of the Republican cause, the brilliant veterans of the Republican cause.

MILWAUKEE DAILY SENTINEL, THURSDAY MORNING, OCTOBER 27, 1859.

Some account of John Brown. With a view of showing the instigator of the Harper's Ferry massacre, the original responsibility of his vindictive disposition, and the following narrative, the truthfulness of which is beyond controversy. The history seems to be called for by the journals, and the public interest in the subject.

Mr. Schurz then spoke of the corrupt administration which had preceded that of Gov. RANDALL, and the influence of the latter in the introduction of the anti-slavery bill. He then spoke of the influence of the latter in the introduction of the anti-slavery bill.
